### PUBLIC SALE

O. W. Long will hold his annual public sale of pure bred live stock at his farm, 2 1/2 miles southwest of Maitland, on February 18, 1926. This sale will consist of 25 Registered Short-Horn cattle, including a number of cows and calves, some good milkers, 6 yearling heifers and a number of good young bulls, reds, roans and three whites, suitable for herd bulls; 60 head of pure-bred Big Type Duroc-Jersey sows and gilts, bred for spring farrow. For further information and catalog, address or phone, O. W. Long, Maitland, Mo.

### 10 Acres For Sale.

The place of A. J. Carson, located one-half mile south of Oregon, good six-room house, closets and porches, such cave, good barn and sheds. Hen house, coal house, smoke house, three systems. For information, see SEIB: CARSON, Oregon, Mo.

Eber Sherman and wife have returned from Table Rock, Mo., and expect to make their home in Oregon for a time at least.

Frank C. Emek has accepted a position with H. K. Kneeb & Son, grocer, and moved into his new home at the corner of this week.

### Formal Reception.

A delightful reception, accompanied with an elaborate dinner was given at the home of S. G. Alkire, one day last week, in honor of the newly-weds, Mr. and Mrs. Charles Bruntmeyer. Those present were: The bride and groom, Ed Casteel and wife, Tom Pilkington, wife, son, Dwight, and daughter, Lucile, E. L. Bucher, of Oregon, Claude Patton, of Forest City, Harry Jamison. Harry served in the World War as a member of an ambulance corps, and he greatly interested the company in his interesting description of his experience, especially in the Argonne Forest, taking care of the dead and wounded, and was on the front lines when the armistice was signed. He told them of the shell hole, the gas masks and the torture of wearing them. He was highly interesting in every way, and his presence was appreciated.

### Gone to Florida.

Mr. A. H. Bailey and wife left Thursday of this week for Wauchula, Florida, where they will remain for several months with the view of improving Mr. Bailey's health. He has been confined to his home for several months, and is quite feeble. Mrs. Bailey has also been in poor health for some time. It is to be hoped that both will be greatly benefited by this change and that they will come home feeling like they did many years ago, is the sincere wish of their many friends.

### A Good Sale.

Messrs. Bridgeman & Frye, real estate dealers, report the sale of Mr. and Mrs. D. W. Dreher's farm of 118 2-3 acres near New Point, to Claude W. Bender. The consideration was \$23,733 or \$200 per acre. Mr. Bender will operate his newly purchased farm in connection with the Mrs. Bragg homestead, where he has been living for several years, and Mr. and Mrs. Dreher will move to the H. T. Floyd farm, which they purchased last fall.

### Napier and Vicinity.

C. C. Brown dragged the road along his two places, Saturday, also on Monday. E. E. Bunker also dragged along his place. Let every one drag the roads, and see if we cannot have better roads.

### Forest City School Notes.

Misses Beulah Dunn and Elizabeth Mary Sobbing and Messrs. Warren H. Breit and Fred D. Conner were six stock dinner guests of Rev. and Mrs. C. J. Chappel, Friday evening, Jan. 9.

Next Wednesday evening the Philomatheans will give a program in the school house at 7:30. Friends of the school are cordially invited.

Miss Elizabeth Mary Sobbing spent Sunday with Mrs. Carl Hoss in Oregon.

The basketball games which were to have been played with New Point, January 16, and Oregon, January 23, have been postponed because of the illness of Hurschel Kaiser. As yet no other member of the team has contracted a contagious disease. Basketball practice will be resumed this week, but it will take some good hard work to put the team in shape. Coach Conner is starting out with renewed interest and is anxious that every member of the team turn out for practice on time.

There was a slight change in the high school program the first of the week, due to the addition of Trigonometry in the Mathematics Department. Juniors and Seniors are electing this subject.

The members of the Physics class were entertained last Thursday afternoon in the Laboratory with an informal party. Miss Sobbing, principal of the high school, was the hostess.

Mr. Conner refereed the girls' basketball, in the teaching of the three nines, between Tarkio and Oregon. Tarkio was easily the victor by a score of 35-5.

Superintendent Warren H. Breit used the Stereograph set, recently added to the educational equipment of the school, in the teaching of the three styles of architecture in the Ancient History class the first of the week. About seventeen views showing the use of the three kinds of columns were shown. A better idea of the styles can be obtained from a picture than from the printed description.

Rev. Havener has been invited to address the high school at the Assembly this week.

Quarterly examinations are over and every one has settled down to work again with the determination to make sufficient grades, both in class work and study habits, so that they will be excused from examinations next time.

### Remembered Mother.

On Friday of last week, Jan. 9, 1926, Mrs. Martha J. Alkire reached her 68th birthday. More than sixty of those years she has spent in Holt county, and her life has been given for the development of her children, who have made good in every way as true men and women, and they are a bunch that, come what would, they have never forgotten her.

On Friday last it was decided by these now grown-up youngsters to go and spend the day with her on the occasion of her birthday, at the home of her son, Ira, in the Walnut Grove district, with whom she makes her home. They were there, and a halo of good cheer and gladness prevailed throughout the day, and while they took a goodly supply of good things to eat along with them, there was sufficient left to tide Ira over for a day or two—and what a relief in these days of H. C. L.

The whole bunch of her children were there to greet her on her birthday—and with them came most of their children, some being absent on account of being at school, and who, pray can describe the feelings of this dear old mother on such an occasion. The children present were: J. E. Mrs. Cora VandCamp, Wm. H.; Ira and Mrs. Roy Hinkle.

Mrs. Alkire was a daughter of Joseph C. Boyd, one of the pioneers of Holt county, and she was born at Salem, Nebraska. When six years of age she came to Holt county with her parents, and during all these years she has resided in our county—living a life for others—the self-sacrificing mother and kindly neighbor. Since the death of her husband a few years ago she has been making her home with her children.

The Old Sentinel sends its kindly greetings to Mother Alkire.

### Annual Recall of Class of '13.

It has always been the custom of the class that graduated from the old school over on the hill in 1913 to hold an annual party or class recall. The recall for 1919 was held at the home of Oakley Morris, New Year's Eve. There were present only five of the original class. It is needless to say that the evening for the most part was devoted to the recalling of many pleasant incidents of high school days.

An elegant and artistic two-course luncheon was served at a late hour. The class of '13 was composed of thirteen members, seven girls and six boys. There are 12 of the original class residing within a radius of 60 miles of Oregon. Our brother, Harris Earle Petree, while fighting for Old Glory over Flanders Field, made the supreme sacrifice of battle. His was an enviable record.

The recall for 1920 will be held December 31—the place to be decided upon later.

## CLOSING-OUT AND REMOVAL SALE

Our removal to Maryville in the spring will not interfere in the least with our business arrangements for our nursery trade this season as usual.

I will remain here to look after the interests and needs of our patrons

six days in the week until this stock is exhausted.

We have a good lot of the best trees ever grown in Holt county.

We have refused to sell them to any WHOLESALER, because we want our farmer friends to plant them right here in the world's "garden spot" of Northwest Missouri. No better opportunity will ever knock at your door, for becoming the satisfied owner of a good "home orchard."

Yours For The Family Orchard.

If there's anything that has endless uses around the farm, it's Western Crushed Rock Salt. It is the ideal form of salt to use for curing meats, hides, hay, straw and silage; for ice and ice cream making; for feeding stock, for killing weeds, and dozens of other purposes. Western Crushed Rock Salt costs less at the start than white or evaporated salt, and it goes 1 1/2 farther, because of its great strength and quality—being 98% pure salt. It is so much better than ordinary white salt, because it is produced by the mining method, which brings it out in its original purity and strength, just as nature formed it. No ordinary barrel salt, though it may appear whiter, can compare in purity, strength or economy with Western Crushed Rock Salt.
